

# COMES AND GOES

*by Allie Paige*

## KEY OF B

### [Verse]

**E** **G#min**  
Oh, I could live out how I feel  
**C#min B E**  
Or I could trust the words you say  
**E G#min**  
I could stay here all my life  
**C#min B E**  
And never see a season change

Oh, it might not be tomorrow  
When I see the end draw near  
And I might not get my answer  
The one I desperately want to hear

### [Chorus]

**E C#min**  
But oh I believe that peace is a Person  
**G#min**  
And love's not a feeling  
**B**  
That comes and goes  
**E**  
You see my heart  
**C#min**  
And you know where it's broken  
**G#min**  
You're holding the pieces  
**E**  
You're making them whole

**[Verse 2]**

**E G#min**

I could fill up every moment

**C#min B E**

With something to pass the time

**E G#min**

Or I could sit here in this silence

**C#min B E**

And find your voice somewhere inside

When all I have to bring are questions  
Show me how to see your side  
And I will hang on to your promise  
They keep me from drifting with the tides

**[CHORUS] x2**

**[OUTRO] - Chorus Chords**
